to Berlin and staff

Reference is made to our report of 26 September 1950 concerning the fact  
and to that of 2 October 1950 which stated that the subject, at the time of  
the report, is in regular contact with the Italian Legion in Italy and was,  
in fact, a Subversive agent. *in Italy*

Subsequent to the above allegation, several attempts have been made  
to elicit confirm or deny, or obtain further information which would clarify the  
statements that reflect the subject is engaged in espionage for the Italian government.  
A report dated 13 December 1951 from a reliable source advised that  
subject maintained contacts with the Italian Legion in Italy, but there  
is no proof that he is working for this organization.

Further checks through local authorities brought forth no additional  
pertinent information on the fact other than the fact that he was visited in  
September 1950 in Italy by his parents who reside in Bulgaria.

Regarding the Department's CM of 20 July 1955 enclosing three reports  
from CG Headquarters dated 15 September 1953, 16 October 1953 and 10 June 1955  
regarding an evaluation of the reported and of all the information relating  
to Subject, it is suggested that the Department report this information directly  
to CG Headquarters.
